Action Taken Report

Expert: Mr. Akshay Sharma

Detail of event: Faculty of Health and Allied Sciences in collaboration with ----**INFOWIZ---software solution**-----organized a workshop on Prototype/Process Design and Development. The company experts discussed the techniques for creation of prototype design with the students. They explained the students about the use of AI in the prototype development. This session helped students to gain awareness in all aspects of prototyping.

The objectives of conducting this workshop were:

1. To provide meaningful knowledge to the students regarding prototyping.
2. To help students to develop their new product ideas in refined manner.
3. To make them ready for real life innovative ideas.
4. To help students to safeguard their invention.

Response of the students: The students enthusiastically participated in the various rounds. It was a great learning experience in a fun way.

Number of participants (Student & Faculty): Students 103 and Faculty: 17

Learning Outcome: This activity was very useful for gaining and expanding the knowledge about prototyping. This would help students to understand how they can work on their new product idea and become more responsible entrepreneurs and be ready for real-life situations
